“AFISHE / Development of Aquaculture and Fisheries  
Education for Green Deal in Armenia and Ukraine:  
from Education to Ecology” (project No 101082557)

Re: WP2. Preparation, D5.1 - Approved and accredited Master's Degree programs by the state authorities in A M and UKR

Dear Mr. Garegin Hambardzumyan,

The updated program “**Protection, Reproduction, and Rational Use of Hydrobiological Resources**” under the project Erasmus+ CBHE “AFISHE / Development of Aquaculture and Fisheries Education for Green Deal in Armenia and Ukraine: from Education to Ecology” at the Master’s degree (level 7) does not require a separate license and will be implemented into the educational process at the Sumy National Agrarian University starting from September 2024.

According to Article 24 of the Law of Ukraine on Higher Education (<https://zakon.rada.gov.ua/laws/show/Z1556-18#Text>) since 2021, educational activities of a higher education institution at a specific level of higher education, i.e.: first (Bachelor's), second (Master's), third (PhD), are subject to licensing. Licensing is done by the Ministry of Education and Science of Ukraine and issued with no expiration date.

The Sumy National Agrarian University (SNAU) has a license to conduct educational activities in the field of higher education, particularly at the Master's level, as reflected in the Database on the Right to Conduct Educational Activities in the Field of Higher Education <https://registry.edbo.gov.ua/university/151/specialities/>

The license and the list of educational degree programs can also be viewed on the website: [https://vstup.snau.edu.ua/wp-content/uploads/2024/04/licenzii-vo\\_-sumskij-nacionalnij-agrarnij-universitet-\\_reiestr-subiektiv-osvitnoi-dijalnosti.html](https://vstup.snau.edu.ua/wp-content/uploads/2024/04/licenzii-vo_-sumskij-nacionalnij-agrarnij-universitet-_reiestr-subiektiv-osvitnoi-dijalnosti.html)

Acting Rector  
Doctor of biological sciences, Prof.
